Our door units are all manufactured in house at Academy Glass meaning we can meet any specification you desire.

Above are just a few examples of the designs on offer.

# Handles

Our **Quantum** door handles come in either a lever/lever or lever/pad option, both available in the colours shown above.

# Door Knockers & Letterplates

Our classic design door knockers come in a range of colours to perfectly match the handle & letterbox. The knockers are face fixed to the door to save any unsightly bolts being visible on the inside. Knockers are also available in 'slim line' style. Some of the door designs automatically default to the slim line finish. All knockers are available with our without a spyhole.

Premium letterplates to match both handle & knocker choice. Combining aesthetics with functionality & sturdiness, our high quality premium letterplate will compliment any door design adding style & durability.

# Security

Our doors come fitted with lockmaster locks as standard - quality products that meet the latest security standards & regulations, so your home is safe & secure.

Voted  
**#1** Smart Lock Brand  
Two Years In A Row

6 Pin Cylinder, Anti-Drill,  
Anti Pick. Tested to the  
highest standards

An impressive array of 4 high security hooks, 2 rollers, latch and deadbolt help deliver huge levels of security, whilst not compromising operation or compression.

The 4 hook lock is available in night latch and standard lever operation.
